(Revised February 2017)

Keep your dig number as proof of your contact to JULIE and as a reference number. For your protection, JULIE recommends that you search the area for the facilities of others who are not JULIE members and notify them separately. In addition, you should communicate with the owner of the dig site to determine if there are any privately installed lines which are not marked by member utilities. For more information about the JULIE process, to register for a Remote Ticket Entry (RTE) training or questions about E-Request visit [www.illinois1call.com](http://www.illinois1call.com).
