

**:30 live read**

April is Safe Digging Month. If you're planning an outdoor DIY project or hiring a contractor, state law requires you contact JULIE before you dig. Every project. Every time. Don't knock out Internet, power or other critical services in your community. Know what's below. Have underground utility lines on your property located before planting, building, adding, or fixing anything. Keep your family, your neighbors and yourself safe. Visit JULIE Before You Dig dot com. It's a free service.
