

Remote Ticket Entry – RTE

Remote Ticket Entry (RTE) is a convenient alternative to calling JULIE, waiting for an agent and having to verbalize your request. Created specifically for professional excavators, this self-service program allows you to enter and submit locate requests anytime from anywhere using a web-based application from any Internet browser.

JULIE's Online Service

**Become an RTE User!
Training is Free and Easy**

**A FREE 90-minute
online training course is
required to use RTE.**

Benefits Of Using Remote Ticket Entry

- **RTE is fast and easy to use.**
- **Submit locate requests anytime** — from work, home, or your mobile office — without delay.
- **Enter your own information** directly into the locate request form using the same maps and drop-down tools as JULIE agents.
- **Add attachments** (photos or maps of the proposed dig area) — available exclusively to RTE users.
- **Receive your dig number instantly** after submitting your request, along with a list of member utility companies that will be notified.
- **Print or save your locate request** for your records, to bring to the job site, or as a PDF to email if needed.
- **Submit new requests or extend existing ones** for ongoing projects.
- **RTE users can also cancel requests** if a job will no longer take place or if a correction is needed and a new ticket will be submitted.
- **Access previously submitted requests** — whether entered by you or someone else from your company.
- **Best of all, RTE is FREE** for all excavators working in Illinois.
