

KEEPING ILLINOIS RESIDENTS SAFE

JULIE connects homeowners like you with utility companies so they can mark where their underground utility lines are buried on your property. (They don't locate privately installed or owned lines.) State law requires the person actually doing the digging contact JULIE at least 3 days before planning to put a shovel in the ground.

ALWAYS make sure all utility companies have responded by the the dig start date and time indicated on your ticket:

- Check JULIE's online Positive Response system
- Look for paint, flags and marks that indicate the location of underground lines on your property

It's a FREE service.

**JULIE personnel are not locators
and will never visit your property.**

WHAT DO THE FLAGS REPRESENT? COLOR CODES FOR FLAGS AND MARKS

	Electric
	Gas, oil or petroleum
	Communications
	Potable water
	Reclaimed water, irrigation
	Sewer

Know What's Below

Striking an underground utility line while digging can cut off critical services like gas, electricity, water, communications, and more. It can also cause major property damage, injure you or those nearby, and even be life-threatening.

Whenever you're planting, building, adding, or fixing anything outdoors—even if you've worked in that spot before—contact JULIE before you dig. It's a free service.

Every Project. Every Time.
